Objective:

To leverage my strong academic foundation in Computer Science and Engineering and my passion for Machine Learning and Artificial Intelligence to contribute effectively as an engineer. I aim to apply the knowledge and hands-on experience gained through my coursework and projects to develop intelligent systems and solve real-world problems. With a commitment to innovation, collaboration, and continuous learning, I seek to drive impactful solutions while advancing my professional growth in the fields of AI, ML, and data-driven technologies.

Educational Qualification:

Name of Degree	Result (CGPA/GPA)	Year of Passing	Institution	Scholarship status
Bachelor of Science in Computer Science and Engineering	CGPA 3.76	2025	North South University	Merit scholarship since 1 st semester (Currently getting 75% full waiver)
Higher secondary school certificate	GPA 5.00	2020	Dhaka College	N/A
Secondary school certificate	GPA 5.00	2018	Ideal School and College	General scholarship
junior school certificate	GPA 5.00	2015	Ideal School and College	General scholarship
primary school certificate	GPA 5.00	2012	UTDC primary school	Talent-pool scholarship

Skills and additional capabilities:

- Programming languages and Software engineering: Python, C, C++, Java, PHP, HTML, Next.js, DaisyUI.
- Machine learning and Data Science: Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, PyTorch, Natural language processing (NLP).
- Database management System (MySQL server (Microsoft SQL server), PhpMyAdmin (Xampp)).
- Additional: AutoCAD and 3D designing (Designed the 2D and 3D design in Australian Rover challenge 2024 (University of Adelaide) and World Robotics Championship tournament (Delhi, India), Underwater Rover Challenge (Alexandria, Egypt), Techkriti23' (IIT Kanpur, India) ,IRDC (India) and Many other National competitions.
- Organization, Adaptability, Subject Knowledge, Problem Solving, Leadership, Patience & Empathy, Communication & Enthusiasm.

Achievements:

Academic: Merit Scholarship (NSU, PEC, JSC, SSC), 75% Waiver in North South University, 3rd position in admission test Ideal School and college, 1st Position class (1-7 grade) in School, Manarat Scholarship.

Co-Curricular : Finalist in the Australian Rover Challenge 2024 at University of Adelaide, representing Bangladesh as the only team from the sub-continent; secured 2nd place (country-wise) in the World Robotics Championship in Delhi, India; finalist in URC (University Rover Challenge) in Alexandria, Egypt; and runners-up in the Technovation 2.0 project showcase at North South University.

Projects/Research works:

Course code/additional project code	Details
CSE 499 (SENIOR DESIGN)	ADHD detection in early age through ML and NLP therapist Chatbot and LLM integrated System
CSE 445 (MACHINE LEARNING)	In depth Analysis of Mental health of Bangladeshi GYM goers and NLP chatbot (Virtual Gym trainer)
CSE 498R (DIRECTED RESEARCH)	OpenSetWaste: Waste management leveraging GCN
CSE 299 (JUNIOR DESIGN)	Uterus Fibroid Prediction with Machine learning
CSE 327 (SOFTWARE ENGINEERING)	PARIS OLYMPICS website 2024
CSE 323 (OPERATING SYSTEMS DESIGN)	Obstacle avoiding robot (Auto-pilot)
CSE 311 (DATABASE AND MANAGEMENT)	Metro Rail Bangladesh Website with DBMS
CSE 215 (PROGRAMMING LANGUAGE II – JAVA)	Bank Management System with java
CSE 115 (PROGRAMMING LANGUAGE I – C)	E-commerce site with c- programming
AUSTRALIAN ROVER CHALLENGE 2024 (ADELAIDE, AUSTRALIA)	Mars Rover (Bangladesh)
WORLD ROBOTICS CHAMPIONSHIP (INDIA)	Robo-race robot and line follower robot
UNDERWATER ROV CHALLENGE (EGYPT)	Remote operated Submarine vehicle
TECHNOVATION 2.0 BY ACM (NSU)	Firefighting Robot
IRDC ROVER CHALLENGE (INDIA)	Mars Rover

Experiences:

- Teaching assistantship in Department of Mathematics and Physics at North South University.
- AI engineer and researcher in Team Atlas (Robotics Team, Bangladesh)

Publications:

- Three manuscripts submitted to Q1 journals (2 Under Revision, 1 Under Review).

Hobbies:

Playing guitar and piano, cycling, playing cricket and doing exercise.
